

Travelin' Game Show is the Leader in Smart Activities

Created with seniors in mind:

Since 2000, Travelin' Game Show has reached out to the senior community in a fun and engaging way. Providing interactive participation between the audience members and the host. We have adapted familiar games from TV, and brought nostalgia and history into the activity. Most importantly, the game show provides exercise for the mind and spirit. The result is making the audience feel brighter.

The Original Travelin' Game Show is a 45 minute program based on TV game shows like Jeopardy™, Wheel of Fortune™, Card Sharks™ and Family Feud™. There is a new theme every month and many retirement communities schedule it every month.

Not Exactly the Price is Right is just as it sounds offering 60 minutes of fun and lots of prizes. Participants get to come on down and play the TV show inspired games. This program changes quarterly.

Creative Cognizance is a 30 minute program designed for Memory Care Participants. It includes interactive games that are empowering and supportive. The amusing games are designed to engage participants with long-term memory recognition and short-term recollection. They help with maintenance of their current memory skills in an entertaining way. We like to call it brain games disguised as fun. Activity Directors love it because of the host's interaction with the players, who often respond better to a visitor.

Here's what people say...

From Activity Directors

"Outstanding performance, everyone had a good time. It was so nice that everyone in the room was involved, not just a few." Dorothy, Ladera Ranch

"The Travelin' Game Show has become such a success at our facility and the residents look forward to your next show. Your talents and skill inspire us all." Sharine, Anaheim

"People love it. It's very nostalgic." Vanessa, La Mirada

From Seniors

"Your game is so fun; we can't wait until you come again! Betty, Pasadena

"The game show is the one thing we look forward to all month long. We really use our minds and have fun too!" Margaret, Alhambra
